WHOLESALE TRADE LIST

OF

STEELE'S

SHREWSBURY

NURSERIES

EATONTOWN, = = = NEW JERSEY

TERMS AND CONDITIONS

CUSTOMERS are requested to state mode of shipping, express or freight, and by what route. When none is given we exercise our judgment, but in no case do we assume responsibility after goods are shipped unless for our own mistakes.

While we exercise the greatest care to have all trees, shrubs and plants sold by us genuine and reliable and hold ourselves prepared to replace, on proper proof, any that may prove otherwise, we do not give any warranty, express or implied, and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods.

All claims for errors or deficiencies must be made immediately upon receipt of the goods.

TERMS—Cash with order from unknown parties or satisfactory references.

Five hundred will be furnished at the thousand rate; fifty at the hundred rate and five at the ten rate.

The prices quoted are for our selection. Where stock is selected by customers it will be charged for in accordance with its value.

Shipment in bulk will be packed at no charge. Where packing is done in boxes or bales a charge will be made to cover the cost of material used.

A certificate of inspection from the State Entomologist will accompany each shipment.

The Fall shipping season usually begins here about October 15th and the Spring season about March 15th.

Eatontown is on route No. 4 of the New Jersey State Highways, and about forty miles from New York on the Southern Division of the C. R. R. of N. J.

FIRST READ THIS

To the man whose sole interest in purchasing nursery stock is low prices we would say this trade list will have no further attraction. We grow our stock to serve a retail trade clientele who are interested only in the best of everything. We spare no pains to produce plants which are as nearly perfect as nature intended them to be. Our stock is selected and re-selected, transplanted, trimmed and trained, to produce plants which are not only pleasing to the eye as they stand in the nursery, but may be safely transplanted with a minimum of loss to the purchaser.

Our evergreens are transplanted or root pruned at least once every two years, and our trees and shrubs as often as their condition indicates that such is necessary. We have no culls as we have long since found that unattractive, unsalable stock is costly. Below we reproduce one of many testimonials received by us as to the quality of our stock.

The offerings in this list comprise a surplus over and above our needs for our own retail trade during the coming season.

STEELE'S SHREWSBURY NURSERIES.

Shrewsbury Nurseries, Eatontown, N. J.

Gentlemen:—I was delighted to have such a wonderful report from my son concerning the grade of nursery stock you have on hand.

As my orders for the fall season have already been placed, I regret that I cannot let you have a large order from me at this time; but as I cater to a high class trade and you have the high class goods, I shall be glad to call on you for the next spring season. However, I am in the market for the following items and if you can accommodate me it shall be greatly appreciated. * * *

Yours very truly,

(Signed) S. DANK.
